

# Rando n°16

9 mars 2015

A large Mimosa tree is the central focus, its branches heavily laden with bright yellow flowers. The tree's dark, gnarled trunk and branches are visible through the dense canopy. The background is a clear, vibrant blue sky with a few wispy clouds. In the lower right, some green foliage of other trees is visible.

Randonnée mimosa traditionnelle dans le massif du Tanneron.  
Belle journée, sentier du grand duc, 10 km et 250 m de dénivelé.

**Mimosa, Bruyère, et Chênes liège**

**La bruyère en fleurs en bordure de sentier**
